This year's Parade is Sunday, May 26th at 10:00 a.m., beginning (step off is) at Frost Lane and ending at Cedarhurst Park, with a meaningful service. She added that she also works closely with the Lawrence-Cedarhurst Fire Department Chiefs regarding the Parade. Deputy Mayor Popack invited all to attend.

- 4) Avi Bohorodzaner of 46 Auerbach Lane stated that he had attended the January and February BOT meetings and is requesting an update with regard to the hiring of a traffic engineer, as previously discussed, to potentially install more stop signs and speed bumps/humps. Mayor Edelman and Village Administrator Ronald Goldman responded that the Village was indeed getting proposals from traffic engineers and trying to determine the best and most cost-effective course of action. Village Counsel Stephen Martir also responded that New York State law prohibits speed bumps. Park Commission Chairperson Sheldon Genack added that many Lawrence residents are against the marring of Village streets with speed bumps. Mr. Bohorodzaner wanted his request for speed bumps on the record for any future reference. Village Counsel Stephen Martir reiterated that New York State law prohibits the installation of speed bumps. Discussion ensued in this regard. It was suggested that the Village reach out to New York State to petition for speed cameras throughout the Village. Judi Bernstein of 54 Meadow Lane added that due to the rampant speeding of motorists throughout the Village, her husband has been (twice) hit by a car (crossing the street), sustaining serious injuries.
- 5) Judi Bernstein of 54 Meadow Lane stated that the Moratorium is still in effect until June 18th regarding overdevelopment. She added that she is in touch with the Town of Hempstead and awaiting the new engineer's report, so the matter is pending. Deputy Mayor Popack stated that she sent an e-mail requesting that the Town do the traffic studies after the Amazon warehouse opens "full throttle", which is supposed to happen in December with the addition of hundreds of trucks

to the roads; to better gauge the traffic issues. Town of Hempstead Liaison Martin Schwartz requested that she send him this e-mail and he would look into the matter.

- 6) Rochelle Stern-Kevelson of 21 Causeway stated that she is very angry regarding her complaints, for years, about the drivers not stopping at the intersection of Causeway and Broadway, and now it's gotten even worse; in addition, she added "Causeway has become a runway of zooming (speeding) again". Discussion ensued and the possibility of speed cameras was introduced once again.
- 7) Pertaining to the aforementioned traffic issue(s), Judy Rubin of 7 Regent Drive suggested the possibility of changing the timing of the lights to reduce speeding on Causeway. Deputy Village Administrator Gerry Castro responded that he would reach out to Nassau County. The Mayor thanked Ms. Rubin for her suggestion.

COURSE AND GROUNDS

- The Driving Range was subject to a lot of flooding due to the work carried out by the State last year. Adam was able to dig drainage lines to an existing catch-basin timely and within budget. Please see pictures below of before, the work carried out, and after. The range now drains quickly, but members must appreciate that it still takes time for the range to be open after heavy rain.

- Drainage Work was also carried out on the left of 10th hole which also will help with faster drainage of flooded areas.

- During a recent health inspection, the Diesel tank was identified of requiring new sensors. Currently this tank is being used by the Village as well as the club. During the inspection it was identified that there was a lot of sediment in the tank which will also require being cleaned out. Quotes for this work has been added to the report.
-

FENCING ISSUES

- Across the property, we have a number of fencing issues. Specific areas are to the left and right of the Driving Range, and the fence between the 17th Hole Fairway and the Marina. The pictures below show the condition of each area. Priority 1 is to focus on the Marina Fence as this is a security as well as a safety issue. The collapsed fence is the second priority. Quotes for the Marina Fence will be sent as part of this report. We will be working on quotes for the Driving Range.

GOLF OPERATIONS

- As expected, Golf rounds were small due to the lower temperatures and heavy rainfall. In total for the month of March we had 380 rounds.
- Driving Bay Improvements include additional detail with Clocks and Yardage Signs for all Bays
- Thank you Deputy Mayor Paris Popack for the Gift for the new flags on the Practice Putting Green. Certainly adds another touch
- All Seasonal Staff have been onboarded and are scheduled to limited times until the weather improves.
- The Pro-Shop is close to full inventory.
- The outing schedule for Monday outings is now full from June through September.
- We are still without an Assistant Golf Professional. Although this is not perfect, then through my personal work experience, I will also be able to step-in during busy times.

TENNIS & PICKLEBALL OPERATIONS

- Reconditioning of Tennis Courts is scheduled for the week of April 15th
- Pickleball work is in its planning phase. A survey is currently being worked on by Laurel Gold Coast.
- Shabir Mohamed (Mo) is now onboard and has returned back to work. Maintenance Crew and Hitters are currently being hired to assist him.
- An Email has been sent out to the Membership welcoming back to the Club and letting them know of the Racquet Sports Campus Improvements.

MARINA – As Prepared by Dave Sarnelli

- We have a few new inquiries for slips for the 2024 season.
 - Boats are slowly coming back for the season due to the weather.
 - Shells and debris are being cleaned throughout the marina parking lot and docks.
 - Ice eaters are shut down for the season and are all removed from the water.
 - The boardwalk by the c-section is being supported and boards are being replaced where needed.
 - Waiting for replacement of the telephone pole by slip B-11/B-12.
